

112 Key Programmable Keyboard

AK-S100D-UW-112 Series

- 112 Programmable MX Keys
- Internal metal plate for key fixation
- Releaggable Keycaps
- 50 million actuations (individual key)
- Additional USB Port
- Detachable cable

Features and Benefits

The AK-S100D-UW-112 Keyboard Series is a high quality, high reliable Keyboard. The internal metal plate for key fixation guaranties long lasting operation, ESD protection, and allows the replacement of damaged keys.

No application software is required.

Via the additional USB port at the rear of the keyboard, USB low power devices like a service keyboard or a barcode reader can be connected to the system.

The detachable cable allows fast and easy replacement of the keyboard.

Specification		
Keyboard		
Keyboard Compatibility	All operating systems supporting standard USB keyboard	
Temperature Range	Storage -40° C to + 60° Operation 0° to + 50°	
Interface to System	USB 1.1 full speed (12 Mbps), high power (max. 500mA)	
Interface Down Stream	USB 1.1 full speed (12 Mbps), low power (max. 100mA)	
Current Consumption	Typical 63mA without any device connected to the USB downstream port	
Supply Voltage	5 Volts +5/-10% via USB interface	
Dimensions	331mm x 199mm x 45mm	
Weight	1.13 Kg	
Key Switch Technology	Mechanical MX keys with Gold Cross Point Contact Technology	
Agency Approvals	CE FCC	

Part#: AK-S100D-UW-y/112

Identifier y = Color

B = Black
